

ProMark^{II}

Airless Line Striper

0.75 GPM, 3300 PSI
.026 Max. Tip size

- *More Productivity – 13% More Output Than Competitive Models*
- *Straighter – Sharper Lines On Pavement and Turf*
- *Lightweight – Less Operator Fatigue, Only 176 lbs.*
- *Lifetime Gear Warranty*
- *Exclusive Fluid section design requires no cylinder*
- *Industry's Best Warranty*
- *LX-80 Spray Gun with Large Built-in Filter*
- *SC-6 Striping Tip Is The Longest Lasting Reversible Striping Tip In The Industry*
- *Economical To Own and Operate*
- *Fits Easily in Most Vans & Pick-Ups*

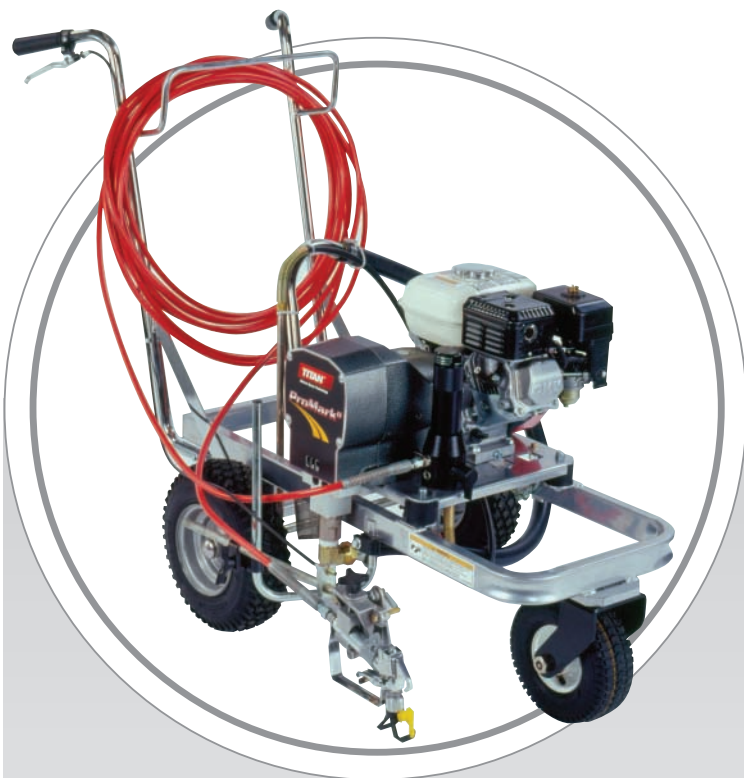

➤ *SC-6 Reversible Striping Tip*

Ideal for Professional Parking Lot and Athletic Field Striping Applications!

ProMark^{II}

Airless Line Striper

Backed by the Industry's Best Warranty!

25 Months on Pump Rod, Balls, Gears, Valve Seats and Packings against wear.

25 Months on all non-wear components.

35 Day Satisfaction Guarantee on all other components against manufacturers defects.

Consult Titan's Extended Warranty Program for full details (Part No.313-1288).

*SAFETY WARNING: DO NOT USE WITH CHLORINATED RUBBER TRAFFIC PAINT. ProMark^{II} paint pump and spray gun contain aluminum which is not compatible with HHC (halogenated hydrocarbon) solvents commonly used in chlorinated rubber type traffic paints.

Chassis

- Heavy-duty tubular frame is built to last with a tough epoxy powder coating to resist harsh solvents and corrosion.
- Light weight and precision balanced for less operator fatigue and superb maneuverability on pavement or turf.
- Wide Trak™ fixed front wheel for straighter lines and greater stability on uneven surfaces.
- Adjustable gun bar mounts on either side of the striper and features a quick gun release for easy stenciling. Swing the gun back beside the rear tire for painting curved lines.
- Large hose storage rack holds up to 300' of airless hose.
- Titan's most portable professional striper, ProMark^{II} fits easily into most vans and pickup trucks.

Titan Pump Drive and Pressure Control

- Lifetime Gear Warranty.
- Heavy duty self-aligning clutch with two year wear warranty (one-time replacement parts only).
- State-of-the-art i-series computerized pressure control features convenient pressure indicator lights and precision pressure control for exceptional line quality.
- Optional diagnostic calculator allows easy access to operating information used for managing productivity and scheduling routine maintenance.

Titan Pro-Duty Pump*

- Exclusive Fluid section design requires no cylinder.
- Waterborne Compatible, handles most advanced low VOC coatings.
- Exclusive Titan Unitized Double Packing System self-adjusts for extended pump life.
- Reversible tungsten carbide valve seats last twice as long as standard seats.
- Patented one-piece modular pump housing design makes routine service quick and easy.
- Extra large 14 sq. in. paint filter with removable element minimizes tip clogs.

LX-80" Gun

- Features a large built-in filter for fewer tip clogs.
- Tungsten carbide ball and valve for extended life.
- Rated at 3,600 psi (248 bar) maximum working pressure.

Spray Nozzles

- SC-6 reversible airless striping tips with precision ground tungsten carbide apply paint at an even mil thickness across the width of the line eliminating jagged lines caused by excessive edge paint.

Airless Paint Hose

- 1/4" x 50' (6 mm x 5 mm) inner diameter, nylon lined, anti-static, rated at 3,300 psi (228 bar).
